

Solutions Manual

Introduction to Algorithms – A Creative Approach

August 21, 2013

Preface

Contents

Preface	iii
1 Introduction	1
2 Mathematical Induction	3
2.1 Drill exercises	3
2.2 Creative exercises	3
3 Analysis of Algorithms	5
3.1 Drill exercises	5
3.2 Creative exercises	5
4 Data Structures	7
4.1 Drill exercises	7
4.2 Creative exercises	7
5 Design of Algorithms by Induction	9
5.1 Drill exercises	9
5.2 Creative exercises	9
6 Algorithms Involving Sequences and Sets	11
6.1 Drill exercises	11
6.2 Creative exercises	11
7 Graph Algorithms	13
7.1 Drill exercises	13
7.2 Creative exercises	13
8 Geometric Algorithms	15
8.1 Drill exercises	15
8.2 Creative exercises	15
9 Algebraic and Numeric Algorithms	17
9.1 Drill exercises	17
9.2 Creative exercises	17

10 Reductions	19
10.1 Drill exercises	19
10.2 Creative exercises	19
11 NP-Completeness	21
11.1 Drill exercises	21
11.2 Creative exercises	21
12 Parallel Algorithms	23
12.1 Drill exercises	23
12.2 Creative exercises	23

Chapter 1

Introduction

1.1 Exercises

Chapter 2

Mathematical Induction

2.1 Drill exercises

2.2 Creative exercises

Chapter 3

Analysis of Algorithms

3.1 Drill exercises

3.2 Creative exercises

Chapter 4

Data Structures

4.1 Drill exercises

4.2 Creative exercises

Chapter 5

Design of Algorithms by Induction

5.1 Drill exercises

5.2 Creative exercises

Chapter 6

Algorithms Involving Sequences and Sets

6.1 Drill exercises

6.2 Creative exercises

Chapter 7

Graph Algorithms

7.1 Drill exercises

7.2 Creative exercises

Chapter 8

Geometric Algorithms

8.1 Drill exercises

8.2 Creative exercises

Chapter 9

Algebraic and Numeric Algorithms

9.1 Drill exercises

9.2 Creative exercises

Chapter 10

Reductions

10.1 Drill exercises

10.2 Creative exercises

Chapter 11

NP-Completeness

11.1 Drill exercises

11.2 Creative exercises

Chapter 12

Parallel Algorithms

12.1 Drill exercises

12.2 Creative exercises
